

REPORT OF AN INDEPENDENT STATUTORY AUDITOR
ON THE PERFORMANCE OF AN ENGAGEMENT PROVIDING A REASONABLE CERTAINTY IN
REFERENCE TO THE ASSESSMENT OF THE REMUNERATION REPORT

For the Annual General Meeting and the Supervisory Board of Grupa Kęty S.A.

We have been engaged to assess the attached Report on the Remuneration of the Management Board and Supervisory Board Members of Grupa Kęty S.A. (hereinafter referred to as the 'Company') for the year 2021 (hereinafter referred to as the 'Remuneration Report'), as regards the completeness of the information provided therein, in compliance with the requirements of Article 90g sections 1-5 and 8 of the Act of 29 July 2005 on Public Offering and Conditions Governing the Introduction of Financial Instruments to Organised Trading, and on Public Companies (consolidated text in Journal of Laws of 2020, item 2080) (hereinafter referred to as the 'Act on Public Offering').

Identification of criteria and description of the object of the engagement

The Remuneration Report has been prepared by the Supervisory Board for the purpose of fulfilling the requirements of Article 90g.1 of the Act on Public Offering. The applicable requirements for the Remuneration Report are specified in the Act on Public Offering.

The requirements described in the preceding sentence form basis for preparing the Remuneration Report and in our opinion represent the adequate criteria for us to formulate a conclusion with a reasonable certainty.

In accordance with the requirements of Article 90g.10 of the Act on Public Offering, the Remuneration Report is subject to assessment by a statutory auditor with regard to providing therein the information set out in Article 90g sections 1-5 and 8 of the Act on Public Offering. This report is a fulfilment of that requirement.

The assessment by a statutory auditor, as referred to in the preceding sentence and forming basis for our formulating a conclusion with a reasonable certainty, is understood by us as the assessment whether the information had been disclosed with the detail required by the Act on Public Offering in all material respects.

Duties of the Supervisory Board Members

In accordance with the Act on Public Offering, the Members of the Supervisory Board of the Company are responsible for preparing the Remuneration Report in accordance with the binding legal regulations, and particularly for the completeness of that report and the information disclosed therein.

The duties of the Supervisory Board include also designing, implementing and maintenance of an internal control system which ensures that a complete remuneration report is prepared, free of any distortions caused by fraud or error.

Accountability of the statutory auditor

Our objective was to assess the completeness of information provided in the attached Remuneration Report with regard to the criterion specified in the section entitled *Identification of criteria and description of the object of the engagement*, as well as to formulate, based on the evidence gathered, an independent conclusion from the assurance engagement performed, with reasonable certainty.

We have performed the engagement in accordance with the Polish Standard on Assurance Engagements Other than Audits or Reviews 3000 (R), compliant with the wording of the International Standard on Assurance Engagements (ISAE) 3000 Revised, *Assurance Engagements Other Than Audits or Reviews of Historical Financial Information*, adopted by Resolution No. 3436/52e/2019 of the National Board of Statutory Auditors on 8 April 2019, as amended (hereinafter referred to as 'PSAE 3000 (R)').

The standard imposes on a statutory auditor the duty to plan and perform procedures such as to arrive at a reasonable certainty that the Remuneration Report is complete and complies with the specific criteria.

The reasonable certainty is a high level of certainty but does not guarantee that the engagement performed in accordance with PSAE 3000 (R) shall always detect an existing distortion.

The selection of procedures depends on the assessment of the statutory auditor, including on their assessment of the risk of occurrence of significant distortions caused by fraud or error. When carrying out the assessment of the risk, the statutory auditor considers the internal controls related to preparing a complete report for the purpose of planning the applicable procedures to provide the statutory auditor with sufficient evidence, adequate to the circumstances. The assessment of the internal control system functioning has not been carried out for the purpose of arriving at a conclusion with regard to the efficiency of its operation.
