RESOLUTION No. 19/23

**OF THE ANNUAL GENERAL MEETING
OF GRUPA KĘTY S.A. of 21 June 2023**

Recognizing the incentive nature of the opportunity to acquire the Company shares by the managerial staff and key employees, the General Meeting of Grupa KĘTY S.A. (“**Company**”) resolves as follows:

I. A consent is granted for the implementation by the Company in the years 2023–2028 of the Management Options Plan (**‘Plan’**), under which the eligible persons will be entitled to take up the new-issue shares of the Company on the following terms and conditions:

1. The objective of the Plan is an above-standard increase in the Company value through growth in the economic results of the Company and increase in the Company shares value.
2. The Plan is addressed to the Company Management Board Members and key managerial staff of the Company as well as its subsidiaries and associates (**‘Eligible Persons’**). The Eligible Persons will be designated by the Company Management Board (**‘Management Board’**), following consultations with the Company Supervisory Board (**‘Supervisory Board’**), with the exclusion of the Eligible Persons being Members of the Management Board, who will be designated by the Supervisory Board. The designation of the Eligible Persons for each of the tranches referred to in Section 8 may cover not more than 50 people, whereas the total number of the Eligible Persons under the Plan may not exceed 149 people.
3. The Entitled Persons designated in accordance with Section 2 above are granted options by the Supervisory Board, by way of a resolution. An option entitles the Eligible Person, after meeting the conditions referred in Section 10 below, to take up subscription warrants comprising the right to take up new-issue shares of the Company as part of conditional increase of the share capital (**‘Warrants’**).
4. If the Eligible Person who was granted the option by the Supervisory Board terminates their employment contract within 12 months of the date of the Supervisory Board’s resolution, or if the circumstances identified in Section 18 below occur, the Management Board is entitled to apply to the Supervisory Board for crossing that person out and identification of another Eligible Person instead.
5. The Warrants will be taken up by the Eligible Persons on the terms specified in this resolution and in the Plan Rules.
6. The maximum number of the Company shares offered within the Plan may not exceed 291,000, whereas the number of shares assigned depends on the number of Warrants possessed by the Eligible Persons, which may be converted in the proportion of one J series share for one Warrant.

7. The Plan will be divided into three equal tranches, each of them amounting to 1/3 of the total number of shares offered under the Plan and the corresponding number of Warrants.
8. The options will be allocated in three equal tranches, at a specific date within the years 2023-2025, however, not later than on 30 September of a given year, such that the allocation in each subsequent year will cover options for the number of Warrants corresponding to 1/3 of the number of shares offered under the Plan. The options will be allocated to the Eligible Persons separately under each tranche, whereas the options allocated to Members of the Management Board may not exceed the total of 45% of the shares offered under the Plan. The options granted to one Eligible Person under the respective tranche may not exceed 10% of the shares offered under that tranche.
9. The possibility of exercising options under each tranche will commence on the dates specified for the respective tranche in the years 2026-2028, however, not earlier than on 1 October of the relevant year, and shall end at the dates applicable to the respective tranche in the years 2028-2030, however, not later than on 30 September of the relevant year. In each year of the 2-year period for exercising the options within the specific tranche, the Eligible Persons may take up Warrants of a given tranche.

14. Sharing the stand of the Management Board regarding this Resolution, the Company General Meeting decided to adopt the text of the presented written opinion of the Management Board as the Resolution justification required under Article 433 paragraphs 2 and 6, and Article 445.1, in relation to Article 449.1 of the Code of Commercial Companies. The Company Management Board presented the following written opinion justifying the complete exclusion of the rights issue with regard to J series shares and the Warrants, the proposed issue price of J series shares and the legitimacy of the conditional share capital increase:
- ‘The justification for the exclusion of the rights issue with regard to A, B, and C series Warrants and J series shares is the purpose of the shares issue, which is granting the right to take up J series shares by the subscription Warrant holders participating in the Management Options Plan to be implemented by the Company in the years 2023–2028 (‘Plan’). The Warrants entitling to the take-up of J series shares of the Company will be offered to the eligible persons in accordance with the Plan Rules.
- The participants of the Plan are the persons whose work is of key importance to the operations of the Company and the companies of its Capital Group. The opportunity to acquire J series shares shall be an incentive for the persons, contributing to greater effectiveness of the Company operations. The implementation of the Plan under which the issue of J series shares will be directed to those persons, shall result in their long-term binding to the Company and the Capital Group, and their increased engagement. Owing to the fact that the results of the Company and the companies of its Capital Group depend on the people employed by them, binding high level specialists to the Company is needed in order to ensure the Company’s proper development.
- For the purpose of achieving the Plan objectives, the Warrants are issued by the Company free-of-charge and bear no issue price.
- The value of the issue price of J series shares has been determined in a manner ensuring the incentive nature of the Management Options Plan. The issue price of the J series shares will be the amount equal to the arithmetic mean of the mean daily price of the Company shares weighted with the turnover volume on the regulated market of the Warsaw Stock Exchange in the period of 12 (twelve) months preceding the day of the General Meeting session in which the Plan has been adopted, less the total of dividends per one share for which the dividend record day passed by the Company General Meeting falls in the period:
- a) from 1 October 2023 to 30 September 2026 – for the shares taken-up as an exercise of the rights to ‘A’ series Warrants;
- b) from 1 October 2023 to 30 September 2027 – for the shares taken-up as an exercise of the rights to ‘B’ series Warrants;
- c) from 1 October 2023 to 30 September 2028 – for the shares taken-up as an exercise of the rights to ‘C’ series Warrants.
- For the above reasons, exclusion of the rights issue in reference to A, B, and C series Warrants and J series shares for the existing shareholders is in the best interest of the Company and does not contradict the interest of the existing Company shareholders.’

15. The Management Board of the Company is hereby authorised to determine the specific conditions, procedures and dates of taking the steps associated with the offering and issue of J series shares, including the determination of the issue price. The Management Board of the Company is hereby authorised to undertake any actual or legal steps related to admitting J series shares into trading on the Warsaw Stock Exchange regulated market, which includes entering into an agreement with the Central Securities Depository of Poland with regard to the registration of J series shares in the Securities Depository for the purpose of their dematerialisation.
16. The resolution comes into force on the date of its passing.
